SUMMARY

- Self-independent, reliable and friendly individual who works hard to achieve goals.
- Adaptable quickly, and organized well. Interested in learning the latest web & software technologies quickly.
- Able to work well in teams as well as individually. My future goal is to become a senior full-stack developer.

VOLUNTEER EXPERIENCE

Organized the 3rd RUPP Career Fair 2022 **08 Jul 2022**
- Facilitated the order and set up the electrical system.
- Participate in cleaning and organizing the ceremony area with the team.

Organized the 2nd RUPP Lifelong Learning Award **22 Mar 2023**
- Led the slide design and electrical system team.
- Play a slide show and adjust the sound system during the event.

Organized RUPP Monthly Workshop **Jul 2022 – Feb 2024**
- Led the slide design and electrical system team.
- As a photographer while the workshop is in progress.

PROJECTS

Shopping E-commerce **July 2024 – July 2024**
- Build and deploy this website with responsive using React JS and Bootstrap framework.
- The user can login and logout of the account, then insert and update products where all this data is entered and retrieved from the Postman API.

Travel E-commerce **May 2024 – May 2024**
- Build this website with responsive using HTML, CSS, SCSS, and React JS.
- The user can know the destination with the most visitors.

Personal Portfolio Website **Feb 2024 – Feb 2024**
- Build and deploy this website with responsive using HTML, CSS, and JavaScript.
- The user can download CV, can change light mode to dark mode and click to view the details of the Service and Portfolio.

News Website **Nov 2023 – Nov 2023**
- Build and deploy this website using HTML and CSS.
- The user can access a lot of information in it and can click to select the type of information of their choice.
